It is with great sadness of the passing of a classmate. I could not be happier that we most recently had a reunion and was able to spend some time together. She was so excited about being a part of the planning committee for the 45th and she will be missed dearly. To the family I'm so sorry for your loss. I have said a pray asking to to wrap his loving arms around you as you gather one last time before you Kay her to rest. You will be missed by your class if 77. I hope you are catching up with the others who have gone before and having a party.
