Catie Davis lit a candle in honor of Louis.

Here I am looking back. Dad I wish I could have said I love you just one more time. I sing you are my sunshine to my baby every night because that's the last memory I have of you. Oh how I wish you could meet him on earth side but given I found out I was pregnant a few days from my birthday last year I know you chose him on heavens side. I love you dad.

I was so sadden to hear of chip's passing. I was so blessed to be able to meet so a humble man. I'm glad I got to meet him and was aloud to take care of him to the best of my ability. We had many heart to hearts and even with everything he had going on he was always giving me sound advice. Any the month I took care of chip he became somebody dare to my heart and I will always remember him. I know he is no longer suffering and I'm pretty sure he is up in heaven getting into trouble already lol

I was completely blindsided when I heard the news. Chip was a mentor for me growing up, always helping others in any way he could. One such example, he would come to my grandmother's house out of the kindness of his heart and clear her driveway after snowstorms. Countless summer days were spent with Chip, enjoying video and card games, learning all the while. You were a good man, and a great friend. You will truly be missed.
