John was so funny! We had a great time when we worked together! He taught me the photo lab. He never lost patience with me either! We loved teasing each other. We also got to be mad about stuff and talk about it so we could just get through the day I got to see many of his fish he caught. I know he was the best father he could be. If he had some extra money he bought something for his son. May peace be with your spirit John!!!! And also with your family.
