Karla was always one of my favorite! She made each day at work enjoyable and it is obvious that many people felt the same way as I do. She worked hard and helped me out in so many ways – I could always count on her and she enjoyed doing what she could to please people. Her tales of her family, especially her grandkids, were always a source of entertainment and it was obvious how much she loved and adored them. She had such a special relationship with Greg and he was so dedicated to her as well. My life was blessed by knowing her – TMH has never been the same after she left and now our lives will never be the same without her. So many healthy issues robbed us of many more years of her company on earth – i do look forward to meeting up with her in heaven when it is my time to join her. She was my special "Karla Sue" – as only I called her that. My sincere condolences to Greg, Ryan, and the rest of the family as they adjust to their loss. She will be truly missed!!
