Regina was a wonderful friend and co-worker at Associated Otolaryngologists. She worked in the lab across the hall from the allergy department where Marilois, and I worked. We had such great conversations and she was an absolute delight to be around. I loved hearing about her childhood growing up and her many experiences. She dearly loved her children and was quite proud of them and, Bill, you were the love of her life. She will be truly missed and I was so saddened to hear of her passing. I'll always remember her with such wonderful memories.
