Margaret was a beautiful person. I will always remember the wonderful family trips to Kentucky and Florida. I remember doing a lot of fun activities with her such as playing dress-up in her night gowns, getting up early to horse back ride, taking us to see shows put on locally by college students and going to the Shell Factory in Florida. She taught me how to play gin-rummy. She had the patience to play cards with me for hours. Another fond memory was her cooking wonderful breakfasts and dinners (especially the fish fries in Kentucky). It seems to me like we often had strawberry shortcake on the menu for a treat. As an adult I look back in wonder, as she seemed to have as much fun participating with us children in these activities as we did. Her ability to give of herself to children was very genuine. That is a rare gift and she has no doubt made so many children happy during her lifetime. I know she will be greatly missed by the Soph family.

Margaret was my mentor, sometimes mother and friend. Mostly friend. We shared the same birthday, July 19, and for many years would get together on or around that date to celebrate. The past few years, we would just talk on the phone, but that was good too. I cherish the memories I have of her. Margaret's passing is a great loss. Your entire kfamily has my deepest sympathy. I always told her that she was my role model, She always will be.

I will always have the memory and be reminded of the memory, by my family, of visiting Margret in Florida and insisting on sitting in her refrigerator. I'm sure Margret found this behavior very peculiar, as would anyone!
