My cousin Bill & wife Connie & I have enjoyed several weddings & family gatherings together. Connie & I danced till we couldn't anymore & then we talked till we were hoarse. That's how it is with family trying to squeeze in time amongst all the business of daily life. I am grateful to have gotten reconnected. Bill constantly told me of his family. How grateful he was for his 3 children...his grandchildren....& his great grands. Bill held Connie in his heart....telling me he didn't know how she did everything for him & the family...but she did & he didn't know what he would do without her. Bill & I spoke about life beyond here & that God is always with us no matter what....that all we need is to ask & comfort...or strength...forgiveness...& love are all there. I will miss our visits....until we are together in Heaven. You know I love you Bill & your family.
