I wouldn't be the man I am today with out Joe, hard not to be when I was with you 5 days a week from 6 grade to graduation. We went to church together, read and drew comics, played video games, watched movies, studied homework, stayed on the computer all night. Many things come to mind when I think of Joe, but most off all I remember how smart and kind he was. I couldn't of asked for a better best friend to share my childhood with and I will forever miss you until I see you again. My heart is with the Cribbett family, praying for you every day.

what can I say, he was an awesome friend, as close as we could get as a brother. became friends our freshman year and been close ever since. we've been roommates in and out of college. had the same group of amazing friends. we've been a bunch of amazing adventures. Share so many laughs. And my children knew him as Uncie Joe... Not to be confused with Monkey Joe's bounce play area. He's had me over with the family many times and he has met my family plenty of times. He was a part of my wedding and loved my kids as if they were family. I owe so much to his life. He may not have seen it but he influenced me in so many ways, he's the little brother I never had. YOU will always be Myjoey Joe Joe Shabadoo. It has been the pleasure of me to call you not only a friend but my brother from another mother. I'll see you soon in heaven.
