Vee was my mother in law and I have never had any other that I could vibe with like her. She used to tell me I was a "free spirit " an "old soul" like her and I was hasty and in pain emotionally in a bad place after loosing Nathan and the babies and I wasn't there for her when she called I was callus and resentful and I was selfish and ignorant thinking I still had time to make it right and I never picked the phone up and done it and my heart breaks for Jennifer and Jamie but my it breaks most for my son and daughter Leland Nathan Joseph trower and haylee Miranda Rene trower first they daddy went and now Vee is gone too I hope my children reach out one day and want me in thier lives and I hope they know thier grandmother was an awesome kind hearted woman that loved them more than anything she was a proud grandmother I love you Vee (just Vee she'd say lol) soar high with the angels I hope we see each other again one day and I'm so sorry I didn't say what I should have before it was too late
