Jody was my supervisor since I started as a manager, I learned a lot from her day by day and she always had a way to see things better. I will miss the thank you notes that she always sent me and my work team because she was always on the lookout if we needed help and thanked us for our work all the time. I am going to miss her a lot because we were always in contact all the time and I made her laugh a lot with my stories about my children and with that I am satisfied that we had a good time. Rest in peace my dear supervisor Jody.Thanks for everything,Mayra Rodriguez

Jody was sweet, kind, thoughtful, caring, loving and had a smile that would brighten up your day at any given time. I thank God for giving us the opportunity to work with her. She was the best supervisor that anyone could have. Always had an encouraging word to uplift your day. She made sure that all of the manager's had what they needed. The students was top priority. Bryan ISD child nutrition will not be the same without her being in our presence. She will be missed. She would always say hang in there when things was crazy. She always carried herself as a Godly women. She loved her family. Her niece, nephews, and great niece was her world. Her mom, dad and brother was her rock. She had a big impact on my life even though she was younger than me. I will always have a special place in my heart for my Jody. To Mom, you are a jewel. Many more blessing to you. God knows best, and now she is taking her rest. Until we meet again Jody. Love you, Lois Robinson
