I know that no matter what You will always be with me. When life separated us I'll know it was only your soul saying goodbye to your body But your spirit will be with me always. When I see a bird chirping on a nearby branch I will know it is you singing to me. When a butterfly brushes gently by me so carefree, I will know it is you assuring me you are free from pain. When the gentle fragrance of a flower catches my attention I will know it is you reminding me To appreciate the simple things in life. When the sun shining through my window awakens me I will feel the warmth of your love. When I hear the rain pitter patter against my window sill I will hear your words of wisdom and will remember what you taught me so well That without rain trees cannot grow Without rain flowers cannot bloom Without life's challenges we cannot grow strong. When I look out to the sky I will think of your endless love for your children and our family. When I think of mountains, their majesty and magnificence I will think of your courage. No matter where I am Your spirit will be beside me For I know that no matter what You will always be with me and your children. I promise to keep your babies safe and loved. Those 3 precious gifts you gave to me, just as God did when he gave me you. Fly free my precious angel. You're with your brother now. Although we'll miss you dearly You're no longer in pain which gives us all comfort. I love you my little Nikki mouse, my best friend forever. We're all going to miss you so much. Rest my sweet daughter. Your pain and suffering is over my sweet princess. You're always in our hearts forever and I can't wait until we're all together again. God speed my angel, spread your wings and fly high because you deserve it. Mama loves you forever. Your precious children will be watched over, so don't you worry. Missing you something fierce tonight!!! Mama misses you so much sweetheart.....
